I. The proposals included in the Notification of 14th Feb., 1974 do not seem to be based on any criterion or principle. Any changes to be made should be based on some criterion or principle. Here they are suggested to be based on that:—

- (a) Population disparity should be discouraged and minimised as far as possible. This should be taken into consideration more regarding Parliamentary Constituencies;
- (b) No Taluka should be divided between the Parliamentary Constituencies;
- (c) No Constituency (Assembly) should include areas belonging to more than 2 talukas;

(d) If any Taluka can be kept intact for forming a Constituency, it should be done in spite of some population disparity, Daman and Diu being best examples, and Satari and Canacona having to follow suit;

(e) If elimination of an existing Assembly Constituency either in North Division or in South Division is felt necessary and, therefore, it is eliminated, then no new Constituency should be created in the place of eliminated Constituency; and

(f) Municipal areas if at all they are to be excluded from a Constituency, all care should be taken so that they are NOT exchanged with Panchayat areas, as far as possible.

II. According to the notified proposals, the disparity between the 2 Parliamentary Constituencies has gone up approximately to 50,000 which is not permissible. And the average population of Assembly Constituency in the *North Goa Parliamentary Constituency* is only about 27,000, while the average population of Assembly Constituency in the *South Goa Parliamentary Constituency* goes up to more than 30,000.

III. The proposals do not seem to know that without (13—26) Goa-Velha the name *Sante Andre* becomes meaningless. If (13) Sante Andre is the Constituency, then (13—26) Goa-Velha is bound to be included in it.

IV. If Wards Nos 3, 14 and 15 are excluded from Panjim Municipal Area how is it justified that (12—17) Chimbol and (12—35) Normobi O-Pequene which are closed to (12) Santa Cruz Constituency and are Panchayat areas, are included in (11) Panjim Assembly Constituency? The Municipal area is so large that some areas are to be excluded to bring down the Population to the average No Panchayat area should be added in exchange.

V. *Santari Taulka* it self should be an Assembly Constituency, as *Canacena Taluka* is and should be. Guleli and Bhirendem Panchayats as well as Onca and Pissurlim should be parts of (10) Satari Assembly Constituency and not of (9) Pale Constituency.

These are a few remarks on the Notified Proposals, not exhaustive.

IV. The reconstitution of 2 Parliamentary Constituencies is proposed as follows:—

Sl. No.	Name of Constituency	Extent in terms of District & taluka areas	Population
1.	Panjim	5 Talukas of North Division of Goa District (1) Pernem Taluka . . . . . (2) Bicholim Taluka . . . . . (3) Satari Taluka . . . . . (4) Bardez Taluka . . . . . (5) Tiswadi Taluka . . . . . Daman District . . . . . Diu District . . . . .	4,03,722 53,906 58,389 32,515 1,24,103 1,05,809  38,739 23,912
		TOTAL . . . . .	4,36,373
2.	Marmagoa	6 Talukas of South Division of Goa District (6) Ponda Taluka . . . . . (7) Sanguem Taluka . . . . . (8) Canacena Taluka . . . . . (9) Quepem Taluka . . . . . (10) Salcete Taluka . . . . . (11) Marmagoa Taluka . . . . .	4,21,398 84,590 44,588 29,486 41,547 1,55,676 65,511
		TOTAL . . . . .	4,21,398

Daman and Diu being included in one and the same Parliamentary Constituency, will save energy, time and money. The Parliamentary Candidate who will have to go to Diu, also can visit Daman on his way to or back. This will avoid duplication of efforts of the other Parliamentary Candidate. Since DIU has been included in the North Goa or Panjim Parliamentary Constituency Daman also should be included in that Constituency.
